Dear dog owners,

Regarding your yearly dog license renewals, New York State Ag and Markets updated their dog renewal law that states that **if the vaccine is not valid for 30 days beyond the current expiration date of the vaccine on the Rabies Certificate, a new proof of rabies must be provided to renew the license.**

Thus, if you have to wait to renew your dog's rabies vaccine, you may submit it at the time you renew your license. There will be no penalties or late notices.

Please do not hesitate to call my office if you have any questions or concerns. Thank you!

Very truly yours,

Dina Falcone
